Sheet metal storeroom

A storage area can reveal a great deal. Or nothing at all. We at Axelent can meet all storeroom requirements. Our FP system supplied not with mesh but with solid walls, is developed for spaces with high safety and stability requirements but where what is in the storeroom does not need to be monitored.

- Extra strong tubular door design.
- Can be combined with F, FK and FK+ systems.
- Can be cut and adapted to existing building dimensions.
- Can be fitted with ceiling at heights above 3.2 metres.
- The walls are painted in sendzimir, the doors in colour RAL 9018.
